Health: Health is a required semester class usually taken at the freshman level. There are 3 ways to take it. Please place an X by your choice below:

____ A. Health: Take it as a semester class paired with another semester elective:
Health/ _____ (list a semester class here if you are choosing to take health as a semester class)

OR ____ B. JROTC I: a year long class (2 semesters) and it will give you one Health credit and one PE credit (so no other health needed)

OR ____ C. Summer school: You can take health in the summer but then you must list 2 semester electives or one year long elective to replace it during the school year*:

_____ / _____

Elective Classes: You have 3 more blocks to fill to complete your schedule. Class choices are listed on the back. (Use one line for year-long class, two lines for semester classes.)

1. _____ / _____

2. _____ / _____

3. _____ / _____

Alternates: You must select **TWO** semester and **TWO** year-long electives as alternatives. These will be used if your elective choices from above are full or if those classes do not fit into your schedule.
