PACE is proud to host an awesome volunteer group named the PACE Ambassadors and PACE Junior Ambassadors. PACE Junior Ambassadors are a group of volunteer youths that are eager and ready to help support the arts. We are looking to bolster this program by bringing students in to help support arts and culture by ushering shows, working in our art galleries, helping teach art classes, assisting in administrative tasks, building sets, helping in our day-to-day operations, running lights and sound in our theater, helping backstage on shows, help set up art shows, classes, programs, and so much more.

FERPA

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Bellevue Public Schools, with certain exceptions, obtain written consent prior to the disclosure of personally identifiable information from the student's education records. However, Bellevue Public Schools may disclose, without consent, Directory Information, unless the parent, legal guardian or eligible student (18 years or older) elects to opt-out of the disclosure of Directory Information. Directory information is information from a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. The following information is designated by Bellevue Public Schools as Directory Information:

- Student's name
- Grade level
- School of enrollment
- Photographs, video, film or livestream of student for inclusion in any District/School publications, District/School websites and social media sites, and on school property or at any school sponsored event.
- Photographs, video, film or livestream of student when permitted by the District to be taken by news media on school property during the school day. Including release of school yearbook photo upon receipt of a public records request.
- Height and weight, if a member of an athletic team
- Participation in officially recognized activities and sports
- Degrees, honors, and awards received

Bellevue Public Schools is required by law to comply with requests by military recruiters and institutions of higher education access to high school students' directory information (grades 9-12 only). Schools will provide student's name, home address, and parent's/guardian's phone numbers. No personally identifiable information, including a student's name or photograph will be released without parent/legal guardian permission if doing so would identify that student as having a disability or being a member of a special education class, group or program.

Opt-Out Process:

Parents, legal guardians and eligible students (18 years or older) have the right to opt-out of the disclosure of Directory Information, subject to the requirements and limitations of the Family Educational Rights and Privacy Act (FERPA), state law, and the policies and procedures contained in policy. To obtain an Opt-Out Form you must complete and submit the document at the school office which the student attends. The request form should be submitted within 15 days of the first day of the school year. Forms submitted after the date will be accepted, however, some information may have already been disseminated or submitted for printing and cannot be changed or reversed. The opt-out request is only effective for the school year in which they are submitted.
