

ANNOUNCEMENTS

Thursday, February 18th

ATTENTION STUDENTS! Covid Update... As we continue to progress through the year, we wanted to share some things that we are seeing that are putting students into the high risk category when tracing a Covid positive in our building.

Rides to and from School – MASK UP! Riding with another student with your mask off can put you into the high risk category. Buckle up and wear your mask. Doing this will enable you to continue to come to school and not put you at risk for quarantine or becoming positive with the virus.

Lunch – MASK UP! Eat lunch as quickly as possible. When done, put your mask on and encourage all of your tablemates to do the same. An exposure with a Covid positive individual for more than 15 minutes combined over a 2-day period, will put you into quarantine. Even if you are wearing your mask and your buddy isn't, and they are positive, you get quarantined! Do your part and protect your friends from quarantine!

We want to ensure you have all the tools necessary to keep you, your friends and your family safe. Wear your mask, socially distance when possible and stay home if you are not feeling well. *(Run through February 18th)*

BOYS GOLF: All boys interested in trying out for the golf team this spring should attend an informational meeting this afternoon right after school in Coach Mustard's room (E0-5). We will discuss tryout requirements, practice and tourney schedules, among other things. See you there! *(Run through February 18th)*
